**MUSIC:** Free Hot Lunch - I Hate To Wake Up Sober In Nebraska

Help!

Sunday, January 20, 2008 (or so I believe it to be.)

Shipwrecked somewhere off the Islets of Langerhans, at or about N38°52'59.88", W77° 01'39.9". No land in sight except this one island with a palm tree and a cartoon coconut.

I believe there was civilization here once, as the expedition has located the world's ugliest neobrutalist concrete structure (<https://www.livejournal.com/away?to=http%3A//z.about.com/d/godc/1/0/u/6/fbibldg.jpg>), which seems to be surrounded by ranks of concrete planters that Doctor LeHarpy believes are intended to discourage car bombers. However, I suspect they may have ritual significance.

Whoever lived here once, the structure is now entirely deserted, and the jungle is reclaiming it. (The philodendron Duke is growing in a coffee cup is about to creep over the wall divider.)

Albatrosses are circling.

Please airdrop supplies of coffee, Snickers bars, doughnuts, and footie pajamas. Also, a masseuse.

Not that I think you should be worried or anything, but the term 'cyclopean' does rather spring to mind.

Just don't read the petroglyphs.

Yog-Sothoth is imprisoned inside the Pentagon.

What? That's not even classified anymore.

So when they call it the War on Terror, they mean, well, the War on /Terror/?

That makes so much more sense now. Thank you.

I think...

Psst. Pick the lock on the file drawer of the desk on your rear right.

Your desk?

Pick the *lock*?

You need the practice. Nail file in the Inappropriate Elephant Cup by the philodendron, with the sharpies. Ruin your own damned paper clip.

Okay, now remove the blue soft-sided thermal picnic container. Carefully! Maintain orientation.

Gimme a minnit. Still working on the lock.

*Maintain orientation.*

...it **is** a bomb, isn't it?

You are a hero of the revolution, man. You snuck in last night to leave this here?

You ever notice how much swimming tigers look like Chinese Dragons?

Watch that website--if you go back out of the image view, there are NSFW women in various states of undress. (I would say naked, but I don't think any of them actually are.)

Hah--*that's* what this building needs: Easter Island giant heads! In place of the planters. Or no, along the roof like gargoyles!

And moss. And lianas! (I'd settle for kudzu...)

Curiously appropriate....
